

Maths

Whitney says,

When you multiply a number with 2 decimal places by an integer, the answer will always have more than 2 decimal places.

Do you agree?  
Explain why.

Fill in the blanks

$$\begin{array}{r}
 \begin{array}{ccc} 3 & \cdot & 4 & 5 \\ \times & & & \end{array} \\
 \hline
 \begin{array}{ccc} 0 & \cdot & 3 & 0 \\ & & & \end{array} \\
 \begin{array}{ccc} & & & 4 & 0 \\ & & & & \end{array} \\
 \begin{array}{ccc} 1 & & & 0 & 0 \\ \hline
 & & & & \end{array} \\
 \hline
 \begin{array}{ccc} & & & & \end{array} \\
 \begin{array}{ccc} & & & & \end{array} \\
 \begin{array}{ccc} & & & & \end{array}
 \end{array}$$

Chocolate eggs can be bought in packs of 1, 6 or 8

What is the cheapest way for Dexter to buy 25 chocolate eggs?

Reading

It was the finest Summer I could ever have imagined. Every morning I was greeted by the waving flowers outside of my window; the birds singing in the trees and by the sun blazing down on me. I would throw back the curtains and have a thirst for adventure. I was excited to know that the unknown awaited me. In a flash I would have my clothes on, the door open, ready to leave behind the comfort of my own bed. This was all because I knew that something spectacular would happen.

- A) Give an example of personification (where the author gives something non-human, human features).
- B) What does it mean to have a thirst for adventure?
- C) What do you think 'I was excited to know that the unknown awaited me' means?
- D) What does 'in a flash' suggest about how she got ready?
- E) How would you describe the way she looks at life?

Writing

Write a brief paragraph about some of the most interesting things that you did over the half term break. Try to use exciting language to help describe each part.

Topic

Can you find TWO differences between the Mayan civilization and the Aztec civilization?
