

## Years 5 and 6 Homework WB 21.11

### Maths

This week we are reminding ourselves how we multiply and divide by 10,100 and 1000.

Roll a dice to create some 3- and 4-digit numbers.

Practise multiplying and dividing by the above. Draw yourself place value headings to help if needed.

TTh	Th	H	T	O

### Reading- Inference focus

Read your book to an adult. While you are reading, try to answer questions about **why** things are happening.

e.g. How do you think \_\_\_\_ feels, why?

Why has the character acted in that way?

What do you predict will happen next? What evidence have you used for your prediction?

### Spelling

Y5 and 6- Practise set 11 from your spelling booklet.
