

Y5 Homework wb 5.2.24

$\frac{1}{3}$ of 27 = **b)** $\frac{1}{3}$ of 72 = **c)** $\frac{1}{3}$ of 90 =

$\frac{2}{3}$ of 27 = $\frac{1}{6}$ of 72 = $\frac{2}{6}$ of 90 =

$\frac{3}{3}$ of 27 = $\frac{1}{12}$ of 72 = $\frac{3}{9}$ of 90 =

Reading

In the heart of the woods, Emily wandered astray,
Twisting paths led her further, as daylight turned to gray.
With courage in her heart, she called out in despair, But the echoes of the forest, left unanswered in the air.
Yet, a glimmer of hope sparked, as a friend came her way,
Guiding her home safely, to the light of the day.

Questions:

1. What is the name of the girl in the story?
2. Where did Emily find herself lost?
3. What did Emily do when she realized she was lost?
4. How did Emily feel when her calls for help went unanswered?
5. Who helped Emily find her way back home?

Writing

In a few short sentences, describe your dream treehouse.

What would it look like? Where would it be? What would be inside?

Science

In your own words, describe what air resistance is.

Spelling:
